FACULTY DEVELOPMENT PROGRAMME ON CYBER SECURITY – PHASE II

Sri Raaja Raajan College of Engineering & Technology, Amaravathiputhur, Karaikudi, organized the Inaugural Function of the MEITY-ICT Academy Faculty Development Programme (FDP) – Phase II on Cyber Security on July 27, 2026, at 10:00 A.M. in the Seminar Hall. This prestigious programme reflects the institution's commitment to enhancing faculty expertise in emerging areas of technology and equipping educators with the skills necessary to address the growing challenges in the digital era.

The event commenced with a Presidential Address by Dr. S. Subbiah, Chairman of Sri Raaja Raajan Group of Institutions, who emphasized the importance of cybersecurity in safeguarding national interests and academic integrity. Following this, the Welcome Address was delivered by Dr. A. Muthukumar, Principal, highlighting the role of FDPs in strengthening teaching methodologies and research capabilities. Dr. M. Sivakumar, Dean/Academics, offered the Felicitations Address, appreciating the collaborative efforts of MEITY and ICT Academy in fostering faculty development.

The highlight of the programme was the Chief Guest Address by Mr. S. Saravana Kumar, Relationship Manager, ICT Academy. He provided valuable insights into the current trends in cybersecurity, the pressing need for awareness among educators, and the role of faculty in preparing students to meet industry demands. His address underscored the significance of continuous learning and adaptation in the fast-evolving digital landscape.

The event was meticulously coordinated by Mrs. D. Sujatha (HoD/AI&DS), with support from Mrs. N. Priya (AP/Physics) and Mrs. A. Sathya (AP/Chemistry) as co-coordinators. Their efforts ensured the smooth execution of the inaugural function and set the stage for an impactful FDP.

This Faculty Development Programme serves as a vital platform for knowledge sharing, skill enhancement, and collaborative learning. By focusing on cybersecurity, the FDP empowers faculty members to integrate advanced concepts into their teaching, thereby preparing students to become competent professionals capable of addressing real-world challenges in technology and security.
